MULES BY THE POUND

Novel Way of Selling Animals May Be Adopted

Georgetown News.

A new wrinkle in trading mules was inaugurated in this county last week when H. M. Grover purchased ten head from Fred Coffman by weight. The price paid was 16 cents per pound. The mules averaged 834 pounds—bringing \$134 per head. If this new method proves popular with our mule traders the mule market will soon be regularly quoted at so much per pound instead of so much per head.

SUDDEN DEATH

William Perrine Smoot Passes Away Last Night After a Short Illness

Mr. W. P. Smoot, one of Maysville's worthy and highly respected citizens, died last night at 10:45 o'clock at his home in Market street, after an illness of only a few hours with heart trouble, accentuated by a severe attack of indigestion.

He was in the enjoyment of his usual good health, and it was after partaking of a hearty supper that he complained of feeling sick at the stomach. Notwithstanding he received proper medical attention he passed away at the hour above mentioned while being faithfully attended by his devoted wife.

William Smoot was born in this county November 23d, 1840, and for the past twelve years or more had been a resident of this city. He was a consistent member of the Beasley Creek Christian Church, and at the time of his death was Superintendent of Roads for Mason county.

He was a worthy citizen in every relation of life, and his demise will cause a void in the community hard to fill.

He leaves a wife, three sons and daughter—Mrs. Harry Barkley and Dr. P. G. Smoot of this city, William Elgin and Louis G. Smoot; also, one sister and two brothers, Mrs. W. L.

Holton and Mr. Will Smoot of the county, and Samuel N. Smoot of Independence, Mo.

Funeral Saturday afternoon, of which particulars will be published tomorrow.

All the Banks of the city will observe next Monday, the 31st, as Decoration Day, and none of the institutions will be opened for business on that day.

THE POSSIBILITY

Of Great Wealth Coming to Maysville Residents

Mrs. Robert Ficklin of East Third street is an heir to 60 acres of land in Boone county on which the celebrated Big Bone Springs are located, the water of which has a National reputation for medicinal qualities.

A company composed of capitalists from Covington, Cincinnati and Louisville is being organized with a capitalization of \$250,000 to build a hotel and otherwise improve Big Bone Springs. A company is also being organized for the purpose of building a traction line from Covington to the Springs.

At an enthusiastic meeting held at Union, Ky., Monday night it was decided to make a survey and start to secure the right of way at once for the traction road.

These contemplated improvements, which are sure to come sooner or later, will greatly redound to the benefit of Mrs. Ficklin and other members of her family.

WISCONSIN has finally passed its anti-swear-

 steady expense, like rent and salaries.

GERMAN official figures put the number of
 suicides in Europe yearly at 70,000. Cases in
 the German Empire itself have risen from 10,
 510 in 1895 to 12,730 in 1905. In America
 the number is about 3,000 annually and is in-
 creasing.

WAR has been declared upon Senator EU-
 GENE HALE by a strong faction in the Repub-
 lican organization in Maine, and there appears
 to be a possibility that he will be defeated for
 re-election. Senator HALE is the oldest mem-
 ber in the United States Senate in point of
 service, and one of the oldest in years. He is one
 of the acknowledged leaders of the upper
 house, being the head of the all-important
 Committee on Appropriations.

IN no State in the Union, with the possible
 exception of Virginia, declared a lecturer at
 Cynthiana recently, do the people exhibit more
 "State pride" than the
 people of Kentucky. For
 years Kentuckians who
 have removed to other
 States have declared that
 one of the chief stumbling
 blocks to the old Com-
 monwealth's progress is the self-satisfaction of
 the people. To be a Kentuckian, to live in
 Kentucky, seems all sufficient. This charge is
 only too true. With all our "State pride,"
 with all our boasted "blue blood," with all
 our alleged "culture," we are the laughing
 stock of the world when our educational de-
 velopment and facilities are compared to those
 of States of corresponding wealth and popula-
 tion. Shame? Certainly. It mantles the
 cheek of every loyal son when he must with
 bowed head admit the truth of the charges
 against us. But there is a remedy. The peo-
 ple are becoming aroused to the seriousness of
 the situation. There is a forward movement.
 That movement must be facilitated.—Cyn-
 thiana Democrat.

RAKINGS
 PAT ON BAPTISM.

The Circle.
 Pat, who was noted for a quick tongue, was digging
 potatoes when the Parish Priest came by. By way of a
 pleasant salutation the Priest said:
 "Good mornin' to ye, Pat, and what kind of p'tatoes
 are ye diggin'?"
 "Raw ones, your Riv'rin'ce."
 "Och, ye're so smart. I'll just give ye a question [on
 the Catechism. What is baptism?"
 "It used to be four shillin's afore ye came, but now
 it's twenty shillin's."

BRIDE OF FIFTEEN

Shown "Redlight" District By Her Husband—She Gets Divorce

In the petition of Eva Hardy Early for a divorce from Charles C. Early, the plaintiff's mother, Mrs. Lena Hardy of West Point, said that her daughter was but 15 years old when she married, and that her husband had not only "choked her and threatened her," but had insisted on taking her on a tour of the "red-light" district of Louisville.

Judge Kirby granted the divorce and restored Mrs. Early's maiden name.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

ANOTHER WONDER OF SCIENCE.

Biology has Proved that Dandruff is Caused by a Germ.

Science is doing wonders these days in medicine as well as in mechanics. Since Adam lived, the human race has been troubled with dandruff, for which no hair preparation has heretofore proved a successful cure until Newbro's Herpicide was put on the market. It is a scientific preparation that kills the germ that makes dandruff or scurf by digging into the scalp to get at the root of the hair, where it saps the vitality; causing itching scalp, falling hair, and finally baldness. Without dandruff hair must grow luxuriantly. It is the only destroyer of dandruff. Sold by leading druggists. Send 10c. in stamps for sample, to The Herpicide Co., Detroit, Mich.

YARNELL RELEASED

Bad Arm Prevents Him From Playing Good Ball This Year

A special from Mansfield, Ohio, under date of May 25th, says:

"Billy Yarnell was released this morning by Manager Flood. The showing made by Yarnell this spring has been a distinct disappointment, as it was expected that he would show his old cunning."

"Yarnell came to the Club three years ago from the Toledo A. A. team. He twirled good ball, but was handicapped by a bad arm. Last season he was let out for the same reason, and it was hoped that the year's rest would round his arm into condition."

"When right Yarnell did not have a peer in the League. It is probable that he will quit the game. His home is in Maysville, Ky."

Home-Grown Strawberries

Now coming. My supplies will come direct from the growers by express and will be on sale here on same days they are picked. Will be sold WHOLE-SALE and RETAIL in full-size cups just as they come from the patches and will be as heretofore—the best that come to this market. The long-protracted drouth last year killed out many of the patches and the crop will be short, and my advice to those who want berries is to not put off securing what they may want. I am expecting some very fine berries, so place your orders with me and I will guarantee satisfaction.

My supplies of vegetables are now principally HOME GROWN and I am in position to at all times furnish the best and the freshest.

Flour is still booming. This week I am going to offer the Famous

HAYSWOOD HOSPITAL

Passes Into New Hands—Trustees Replaced By New Board of Managers

Now a Public Concern and Must Be Supported By the Public

On the 17th day of May, 1909, at a meeting of the Board of Trustees of Hayswood Hospital, the following resolutions were passed and spread upon the records of said corporation—

Resolved, By the Trustees of Hayswood Hospital, That the control and management of Hospital Building and grounds, now owned by this corporation, be, and same is now, turned over to the following named Board of Managers: F. H. Clarke, J. Barbour Russell, Horace J. Cochran, John T. Parker, I. M. Lane and W. H. Means.

Said Board of Managers are hereby given full power and authority to solicit and collect subscriptions for the purpose of maintaining and operating a Hospital thereon, and shall have full and entire charge of same, with power to expend said subscriptions in such manner as they may deem best and proper for the purpose of maintaining and operating said Hospital.

E. L. WORTHINGTON,
T. E. PICKETT,
J. F. BARBOUR,
A. M. J. COCHRAN.

Trustees of Hayswood Hospital, Maysville, Ky.

The foregoing action of the Board of Trustees of Hayswood Hospital was taken with the view of carrying out in a practical and business-like way the intent and purpose for which Hayswood Hospital was given them in trust.

Hayswood Hospital, a gift from a generous, public-spirited woman, was intended for the use and benefit of the public, and the Trustees, believing that the public could best be served and the spirit and intent of the gift best carried out by a Board of Managers selected from our citizens, adopted and placed on record the above resolutions.

The Board of Managers was selected from a list of our citizens, furnished and approved by the Mason County Medical Society, which co-operated with the Hospital Trustees and heartily indorsed their action. It also promised undivided support to the Hospital and its Board of Managers, by not only furnishing Hospital patients, but also by money contributions from many of its members.

The Board of Managers thus selected and approved by the joint action of the Trustees and Mason County Medical Society has from

now on full management and control of Hayswood Hospital.

Its sole compensation shall be the pleasure and satisfaction it might have in the consciousness that it has acted faithfully, earned the good will of the people and placed that beautiful gift, Hayswood Hospital, on a successful and permanent basis, for the credit of our city and the benefit of all its citizens.

Following the action of the Board of Trustees as above set forth, the Board of Managers, as named in the resolution, met and qualified by an acceptance and outlined a policy for the management of the Hospital, which it presents to the public, that it may have a clear knowledge and understanding of it, viz:

The Hospital will be operated for all the people alike, and special favors to none. Its earnings and contributions shall be applied to the last cent for its maintenance, operation and extension, if necessary, and no private interest of any kind shall benefit at its expense.

Those who need hospital service who are able to pay for it will be expected and required to pay the regular rates. Those patients who are so unfortunate as to have neither friends nor funds will be received and taken care of the same as others out of and to the extent of any surplus funds over and above running expenses.

As the Board of Managers starts in without the necessary funds to open and operate the Hospital, and as it will be some time before it can realize upon its earnings, some good, generous-spirited friends will have to come to its relief and supply the necessity.

If this valuable gift to our citizens, for the good and benefit of all, is appreciated and desired; if they wish to avail themselves of a great necessity, greater by far than any one can possibly realize until he or she is so unfortunate as to require hospital service; if they have any civic pride, now is the time to manifest it by giving the Board of Managers their hearty co-operation and support, both moral and financial. But if they are indifferent to one of the first and foremost necessities and conveniences of civilized life, or prefer to seek

them in other cities where "generous, public spirited citizens have provided them, they have their choice.

The Hospital is here, beautifully located and splendidly equipped, and is theirs by the simple action of holding out a helping hand. Their Board of Managers believes that the helping hand will be extended, and as quickly as the public will indicate, by its voluntary financial aid, the Hospital will be opened and ready for business.

Contributions of any amount, however large or small, will be accepted and appreciated.

Shall this valuable property, so necessary to the comfort and convenience of our community, be lost forever?

THE CONSTIPATION EVIL

Is Responsible For Most Cases of Piles

Constipation paralyzes the blood vessels of the lower bowel and often causes piles. Women and all other indoor workers are the most frequent sufferers. But curing constipation alone won't cure piles. A special medicine is needed—internal treatment to strengthen the flabby veins and start pure blood circulating.

Dr. Leonhardt's Hem-Roid is the only internal pile cure. Sold under guarantee. \$1 at J. James Wood & Son's, Maysville, Ky., or Dr. Leonhardt Co., Station B, Buffalo, N. Y. Write for booklet.

A Clean Man

Outside cleanliness is less than half the battle. A man may scrub himself a dozen times a day, and still be unclean. Good health means cleanliness not only outside, but inside. It means a clean stomach, clean bowels, clean blood, a clean liver, and new, clean, healthy tissues. The man who is clean in this way will look it and act it. He will work with energy and think clean, clear, healthy thoughts.

He will never be troubled with liver, lung, stomach or blood disorders. Dyspepsia and indigestion originate in unclean stomachs. Blood diseases are found where there is unclean blood. Consumption and bronchitis mean unclean lungs.

Dr. Pierce's Golden Medical Discovery

prevents these diseases. It makes a man's insides clean and healthy. It cleans the digestive organs, makes pure, clean blood, and clean, healthy flesh.

It restores tone to the nervous system, and cures nervous exhaustion and prostration. It contains no alcohol or habit-forming drugs. Constipation is the most unclean uncleanliness. Dr. Pierce's Pleasant Pellets cure it. They never gripe. Easy to take as candy.
